Charleston is the meeting point for the heartbeat of history in one incredible area. Step into the charm of yesteryear and explore the past or enjoy the quiet serene nature of our park for a time of relaxation.

Lake Aire offers 35 acres of Charleston charm and is located just 20 minutes from historic downtown Charleston. The Park is an excellent base camp for one-day trips to local plantations, Ft. Sumter, historic Charleston or Folly Beach. There are many points of interest and incredibly interesting attractions in the lovely Charleston area. You could spend several weeks exploring all the flavor and history that is Charleston.

Here are some of our favorite attractions. Click on the name to view their websites.
